Primary Tour Guide

Transportation Driver

After Action Report

SECTION 5: Tour Stop Information

B-1 Engine Back Shop – Airmen will brief about the engines they're working on and explain various parts of engine. They will also show B-1 engine testing.

B-1 simulator – A simulated flight on the B-1B Lancer. B-1 personnel will show how the plane operates and the responsibilities of each B-1 crew member.

Control Tower – Airmen will brief how to communicate with aircraft taking off/landing on the runway. They will also show you different radars and how to operate light panels for the runway.

Explosive Ordinance Disposal – EOD Airmen will brief on how to detect, disarm, detonate and dispose of explosive threats. They will also introduce various tools used to perform their job.

Fire Department – Fire Protection Airmen will brief on how to deal with different kinds of fires and various tools they use to perform their jobs. They will also allow attendees to get a look inside the fire trucks.

Military Working Dogs – MWD Airmen will demonstrate different training techniques used by dog handlers. They will also give a tour of the kennels for attendees to see some of the MWDs up close.

Weapons Load Barn – Weapons Airmen will demonstrate how to load weapons into the B-1 bomb bays.

C-130 Simulator – A simulated flight on the C-130J. C-130J personnel will show how the plane operates and the responsibilities of each C-130J crew member.

Flight Line Tour – Airmen will give a tour of a B-1B/C-130J on a static display. Attendees are invited to take a look at the inside of each aircraft.

Longhorn Dining Facility – Best known as the "DFAC" or "Mess Hall", tour attendees are able to eat lunch and see Services Airmen at work.

Dyess Linear Air Park – Airmen will conduct a tour of our extensive air park, consisting of 32 aircraft. Attendees are given the opportunity to walk around and take photos of historical aircraft that were or may still be operational in the Air Force today.

Base Chapel Annex/Picnic Grounds – These areas can be used for tour groups that have opted to bring their own lunches.

Dyess Museum – Tour attendees will get a history lesson on Lt. Col. William E. Dyess and learn more about the rich history of Dyess Air Force base by our own museum curator.
